Q7 (2 v). Conectores: a) ___ it is free, it drains the battery. b) It is fast; ___, the free version has limits. c) ___ the bugs, I kept using it. d) It is cheap ___ reliable.

Q8 (2 v). V/F: a) "will" é a forma certa para um arranjo já marcado com hora → ___ b) passiva = be + past participle → ___ c) "English is spoke here" está correto → ___ d) "user-friendly" significa difícil de usar → ___

Q9 (2 v). Corrige: a) "The update will announce in June." → ___ b) "I will meet her at 6 — it's in my calendar." → ___ c) "Hi Mr Costa, I'm writing to you! Cheers!" (registo formal) → ___

Q10 (2 v). Produção: escreve 3 frases: 1 previsão com *will* sobre tecnologia; 1 frase passiva sobre um produto; 1 sugestão formal com *could/might*.

Dica: Q2 — pensa *quando* a decisão foi tomada; Q3/Q4b — procura sempre o *be* e o particípio; Q6 — 1.ª frase do email = propósito.

Soluções — Teste: The Technological World

Q1. a-3 (falha num programa) · b-1 (fácil de usar) · c-2 (espalhar-se depressa) · d-4 (quem vê os teus dados).

Q2. a) **is going to crash** (prova agora: look!) b) **will lend** (decisão no momento) c) **are visiting** (arranjo com dia/tickets) d) **leaves** (horário fixo).

Q3. a) **The robot was designed in 2020.** b) **AI is used in hospitals.** c) **The chips will be produced (by the factory).** — be no tempo certo + V3.

Q4. a) **a local start-up** (frase na passiva: "was developed by...") b) **futuro + voz passiva** — *will be* + V3 (released), agente omitido.

Q5. a) **back up** b) **notification** c) **syncs** d) **bug**.

Q6. a) **to** b) **Yours faithfully**, c) **"It might be a good idea to add a dark mode."** (ou: I would suggest that the app could add a dark mode) d) **Dear Mr Costa,**.

Q7. a) **Although** (+ clause) b) **However** (ou: On the other hand) c) **Despite** (+ noun: the bugs) d) **and**.

Q8. a) **F** (arranjo com hora → present continuous/simple) b) **V** c) **F** (→ *is spoken*) d) **F** (user-friendly = fácil de usar).

Q9. a) **The update will be announced in June.** (passiva futura) b) **I'm meeting her at 6.** (arranjo prévio → contínuo) c) **"Dear Mr Costa, I am writing to enquire about... Kind regards,"** (sem contrações, sem gíria, abertura e fecho formais).

Q10. (exemplo) *I think AI will help students a lot by 2030.* (previsão) · *The first update was released last week.* (passiva, passado) · *It might be a good idea to add a dark mode.* (sugestão formal).

Critérios Q10: 1 v — previsão com will correta · 1 v — passiva com be + V3; 1 v — modal could/might presente.
